

## **ASCH DMT – 04 November 2025**

### Crisis and Resilience Fund Update

DMT agreed the recommendation to note the forthcoming end of Household Support Fund and introduction of a new Crisis & Resilience Fund, and:

- a. Note the opportunities and risks set out in this report.
- b. Support and comment on the direction of travel and next steps.

Still waiting on guidance and confirmation of funding, until we have an allocation the figure and process could change.
