

5.	Crisis Resilience Fund	
5.1	[REDACTED] joined DMT for the discussion. The purpose of the discussion is to share draft CSD proposals for the use of the CRF fund to support families and children.	
5.2	DMT discussed Appendix 1 list of areas for development, and the following amendments noted: I. £100k add to Early Help/Family Help/Locality Social Workers II. No. 6 – DMT agreed that, once HUGG vouchers come to an end, VCSE organisations should receive funding to support the Level 2 families they are working with. However, it was noted that careful consideration will be needed when determining which voluntary organisations are funded III. Agreed that we need to retain an admin fee.	
5.3	Agreed the funds should be in budget lines so managers can properly plan the spend (there will be a requirement to show spend and impact). [REDACTED] to let CF know if that is not the case.	
5.4	DMT agreed the lead for the Crisis Resilience Fund in CSD moves from Jessica Stubbings to [REDACTED] given the change in focus of this new fund.	
5.5	Agree the report should go through both CSD and ASC Lead Member meetings.	
5.6	[REDACTED] to take forward the above actions.	[REDACTED]
